

Vaccine Information Cards Project Goal and Fundraising Strategy

This is a PA Polio Survivor's Network/PA Rotary Club
Joint Project Supporting Rotary International's
Focus on Disease Prevention and the Importance of Vaccination

We Need Your Help To Bring Vaccination Information From Credible Sources To Everyone In PA.

Our Goal:

- Distribute our Vaccine Information Cards to the Newborn, Delivery and Pediatric Departments of every hospital/birthing center and every interested physicians practice in PA.
- We are partnering Survivors of a Vaccine Preventable Disease with PA Rotary Clubs, the PA State Immunization Coalition and the Vaccine Education Center at the Children's Hospital of Philadelphia to provide vaccination information and distribution assistance.

Fundraising Strategy:

- Encourage Rotary Clubs, Individuals and Non-Profit partners across our state, to partner with the PA Polio Survivor's Network to assist with the printing expenses for card distribution to their local hospitals and pediatricians.
- Printing Donations accepted from Rotary Clubs, Individuals and Non-Profit Partners *only*.
- For the purpose of publishing/maintaining credible information, the direct website link on the card goes to the [Vaccine Education Center](#) at CHOP (which has vaccine information for ALL ages).
- We will distribute these cards throughout the state of PA, as funds for printing become available.
- Does your Organization/Business want to distribute these cards? Do you want to do your own printing? Contact us for [information](#). We are happy to assist with modifications for those who wish to "self" print. We are happy to have the support of both Rotary International and the Vaccine Education Center for this project.

Donations:

Donations for printing expenses can be sent:

By Check: *

PA Polio Survivor's Network
